Curriculum overview

Our curriculum is designed by language and education experts to international standards and gives your child the best learning support available.

We combine decades of teaching experience with proven scientific research.

Fun French teaches listening, letters, spelling, pronunciation and grammar structures through practical everyday topics.

How to use this book

Parent support can make a huge difference to your child's learning outcomes.

These simple activities will help them to learn, remember and use new language (even if you don't speak the language!).

1.

Point and ask.

Let them teach you—point at a picture and ask them to teach you how to say it.

2.

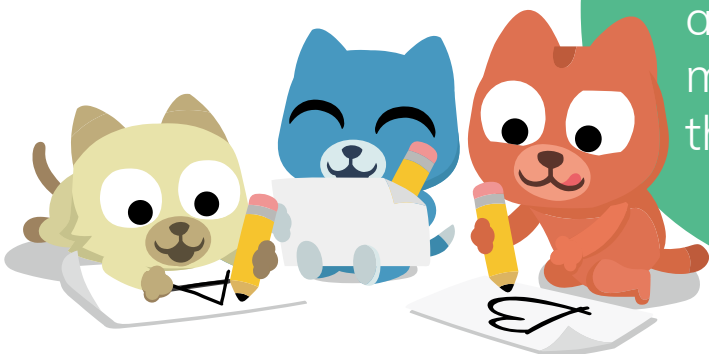

Say and find.

Say a word from the dictionary and ask them to find it as fast as they can.

3.

Cover and say.

Cover a page and ask them how many things they can name.
